On the Go Kit – HP22X0 Series

The On the Go Kit for the iPaq 22X0 series models is the ideal way to get going with your iPaq. The kit supplies a luxurious leather case, charge sync cable with USB – 12V Cigarette Lighter adapter, Neck cable, replacement stylus, cleaning pad and screen protectors.

The kit includes a retractable charge sync cable to keep you connected with all your data and to keep your work area tidy. We have also included a cigarette lighter connector enabling you to charge your iPaq whilst you are travelling by car. Implemented through USB technology, the Targus Charge-Sync cable is an excellent choice for any mobile traveller.
